

Primary PE & Sports Grant Academic Year 2021-2022

The government provided additional funding of £320 million for the academic year 2021-2022 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - is allocated to primary schools.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Name of School: The John Hampden School Wendover		
<p>Amount of grant for AY 2020-2021: £17,709</p> <ul style="list-style-type: none"> 7/12 of funding allocation on 31 October 2020 5/12 of funding allocation on 30 April 2021 <p>Amount of grant received for AY 2021-2022: £17,768</p> <ul style="list-style-type: none"> 7/12 of funding allocation on 29 October 2021 5/12 of funding allocation on 29 April 2022 		
How has the grant been spent or will be spent?		
1.	Coaching	<p>We have used some of the funding to employ a specialist coaching team to deliver 3 mornings of curriculum PE per week. Each class has a session per week. The sessions are observed by class teachers for CPD purposes. Gradually, as COVID-19 restrictions have lifted and classes within year groups have begun mixing, the providers have re-started lunchtime gymnastics and yoga clubs for KS1 children and an after school 'Multi-sports' club. The coaches are employed from Premier Education - a commercial provider.</p> <p>We rate the quality of the coaching sessions on a termly basis and provide feedback to the provider which appears to be acted upon.</p> <p>Teachers observing the practice of professional sports coaches ensures that the impact of their contribution is sustainable.</p> <p>COST = £13,578</p>
2.	Competition	<p>During the year we plan to organise a number of FS and KS1 competitions. These were cancelled last year due to COVID. We plan to hold a competitive Sports Day in June 2022 to which parents will be invited – due to COVID Sports Day 2021 was completed as an individual class bubble event.</p> <p>Whilst no longer a member of the School Sports Partnership programme we have and will participate in any of the activities made available to us.</p>

		<p>A Year 2 inter schools multi-skills festival should have taken place in July 2021, this should take place again in July 2022</p> <p>Close working relationships between the Liaison Group schools and a desire to continue working collaboratively ensures sustainability.</p> <p>COST = £280</p>
3.	Health/Physical Activity	<p>We will organise several fitness sessions as part of our Health & Safety fortnight initiative. We have maintained our School Travel Plan and continue to encourage and incentivise walking/scooting/cycling to school week.</p> <p>We have regular walk to school weeks.</p> <p>A Bike It Breakfast will be held each term once COVID risk assessment deems it appropriate.</p> <p>Cycle training is offered each year</p> <p>These regular features of school life have proved the activities to be sustainable.</p> <p>In 2021-2022 we used funding to provide additional training for one of our sports professionals to teach yoga. They now run a regular club for KS1 children.</p> <p>They also ran a yoga session for each class during Health & Safety fortnight. Further investment was made to allow yoga to be taught to targeted groups to improve pupil well-being. This additional opportunity for pupils has proved beneficial in terms of teaching calming and breathing techniques which can be applied to daily life.</p> <p>COST =£750</p>
4.	Shared or Single School PE Specialist	<p>We use specialist teachers/coaches to raise the standards within PE lessons. Staff are able to observe lessons taught by specialists on a weekly basis.</p> <p>Passing on top tips and observing strong practice by P.E. professionals ensures the quality of P.E provision can be sustained.</p> <p>We have employed a member of the Premier Sport team to lead Playground games at lunchtimes on our MUGA. This has provided additional sporting opportunities for pupils from a trained professional and is sustainable as children can be seen playing the games at other playtimes.</p> <p>COST = £2000</p>
5.	Professional Learning	<p>Our new P.E. co-ordinator for 2021-2022 will attend Primary PE Conferences and other appropriate training opportunities.</p> <p>Our Yoga teachers have attended specialised training courses and are able to disseminate techniques to use with specific children to the rest of the staff</p> <p>The weekly P.E. lessons delivered by outside coaches aim to disseminate good practice to enable school staff to deliver equally high quality PE lessons.</p> <p>COST = £360</p>
6.	Other	<p>The local schools have collaborated to plan and deliver a training package for Support staff. The project involves employing 'Nurturing Minds Consultancy' to "make a difference to the lives of vulnerable primary aged pupils by training staff to identify and deal</p>

		effectively with pupil anxiety and to encourage well-being. COST = £ 800 We have bought some new equipment to enable more pupils to be active during PE lessons and break/lunchtimes.
TOTAL EXPENDITURE = £17,768 What impact has there been on pupil participation and attainment leading to all pupils developing a healthy lifestyle?		

Item/project	Objective	Outcomes to date
CPD for teachers provided by School Sports Partnership	To develop the skills and competencies of staff in key areas of PE	Well received and impacting on the quality of teaching
Modelled lessons provided by Premier Sport	To develop the skills and competencies of staff in key areas of PE	Well received and impacting on the quality of teaching in FS and KS1 and confidence of teachers to deliver high quality P.E. sessions
Universal School Sports Partnership	To develop effective collaboration with other schools To develop high quality PE teaching, learning and sports opportunities	Staff training opportunities Shared CPD across liaison group schools Opportunity to participate in wider inter schools activities
Purchase of new PE equipment	To ensure equipment is suitable and appropriately stored	New, more suitable, modern resources
Provision of a trained member of staff to lead games at lunchtimes	To provide high quality opportunities at playtimes To provide structured opportunities to develop key skills	Improved behaviour on the playground Structured play opportunities Positive feedback from pupils
Engagement in local inter-schools sports festivals/tournaments	To increase participation in competitive sporting activities	Participation in inter-schools tournaments. Positive feedback from all involved
CPD for PE co-ordinator/yoga teacher	To ensure PE co-ordinator/yoga teacher is suitably qualified/trained to lead and develop this subject area	Training for implementation of PE curriculum/ yoga opportunities Improved confidence/competence
Replacement of PE equipment	To maintain the quality of the sports/PE equipment in school	Improved storage arrangements for equipment
Nurturing Minds Project	To develop professionals' understanding of mental health and emotional well-being including how and when to access/signpost to appropriate local services To increase professionals' confidence and skills in identifying and working with children and young people with emotional well-being and mental health needs. Supporting schools to consider how they can develop a supportive whole school environment that promotes the mental health and emotional well-	Staff training via a consultation model ensuring sustainability. Specific and targeted group work for identified vulnerable children in the school.

	being of children and young people.
