Dear Parents/Carers

Transition Arrangements for Year 2 - Summer 2021

As the end of the academic year approaches we are keen to prepare our pupils for the next stage in their learning journey. This year has brought more unprecedented challenges but ensuring a smooth transition from The John Hampden School Wendover to Wendover Junior School is identified as a key priority for both schools.

Following the most recent Government announcement yesterday, we are in the process of reviewing the transition activities for our Year 2 pupils and we are collaborating with Wendover Junior School to put together a new plan for transition which aims to provide you and your children with the information you need along with opportunities to alleviate any worries or any uncertainty in terms of what lies ahead for September. We have chosen to use The John Hampden School Wendover website www.johnhampdenwendover.co.uk as the communication tool for everything to do with the transition for Year 2 pupils. A new tab 'Transition into Year 3' has been created and selecting this will give you access to the information you require. Regularly, from now until the end of term, we will upload new information and, each time, we will send you an email to remind you to take a look. Much of the information will be provided by Wendover Junior School and you may be required to return specific information to them directly via email.

By logging on to the website today you will be able to access the Admissions Booklet which you need to complete for your child and return to Wendover Junior School.

There will be further updates in due course.

Yours sincerely

Sue Barnes
