

Year 2 Spellings

Complete these spellings with a grown up. You can arrange it like a quiz. They will read out the sentence and you need to write in the missing word.

You can decide how to complete your learning:

- Your grown up can give you the words to learn in advance and you can complete the test at the end to see how you did.
Or
- You can try the quiz and then look at the words you didn't get right to take away and learn.
Then do the quiz again another day and see if you beat your original score!

Adults scroll down to the bottom of the document to find the full sentences.
