- to keep children safe (food allergies or emergency contact details)
- to meet the statutory duties placed upon us for DfE data collections
- to enable the day-to-day running of the school

Under the General Data Protection Regulation (GDPR), the lawful bases we rely on for processing pupil information are:

- Article 6.1.e states that the use of personal data is justified if 'processing is necessary for
 the performance of a task carried out in the public interest or in the exercise of official
 authority vested in the controller'. In this instance, the requirement for the school to deliver
 education under the Education Act (1996) requires us to collect information to deliver this
 service.
- Article 9 covers the use of sensitive personal information (this includes health and social care information). This is justified either by article 9.2.a (consent from the data subject) or article 9.2.e (processing is necessary for the purposes of preventive or occupational medicine, for the assessment of the working capacity of the employee, medical diagnosis, the provision of health or social care or treatment or the management of health or social care systems and services).

We obtain pupil information via registration forms at the start of each academic year. In addition, when a child joins us from another school we are sent a secure file containing relevant information.

Pupil data is essential for the school's operational use. Whilst the majority of pupil information you provide to us is mandatory, some of it requested on a voluntary basis. In order to comply with the data protection legislation, we will inform you at the point of collection, whether you are required to provide certain pupil information to us or if you have a choice in this.

We hold pupil data securely for the set amount of time shown in our data retention schedule. For more information on our data retention schedule and how we keep your data safe, please visit our school website.

We routinely share pupil information with:

- schools that the pupils attend after leaving us
- our local authority
- the Department for Education (DfE)
- school governors (anonymised data)
- NHS including school nursing team
- other parties where there is a legal basis for doing so

We do not share information about our pupils with anyone without consent unless the law and our policies allow us to do so.

The Department for Education (DfE) collects personal data from educational settings and local authorities via various statutory data collections. We are required to share information about our pupils with the Department for Education (DfE) either directly or via our local authority for the purpose of those data collections, under:

- section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013
- section 87 of the Education Act 2002. Article 11 of The Education (National Curriculum) (Key Stage 2 Assessment Arrangements) (England) Order 20032

All data is transferred securely and held by DfE under a combination of software and hardware controls, which meet the current government security policy framework. For further information, please see the section below 'How Government uses your data'.

Under data protection legislation, parents and pupils have the right to request access to information about them that we hold. To make a request for your personal information, or be given access to your child's educational record, contact the Headteacher.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress
- prevent processing for the purpose of direct marketing
- object to decisions being taken by automated means
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- a right to seek redress, either through the ICO, or through the courts

If you have a concern or complaint about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at https://ico.org.uk/concerns/

If you would like to discuss anything in this privacy notice, please contact the Headteacher.

How Government uses your data

The pupil data that we lawfully share with the DfE through data collections:

- underpins school funding, which is calculated based upon the numbers of children and their characteristics in each school.
- informs 'short term' education policy monitoring and school accountability and intervention (for example, school GCSE results or Pupil Progress measures).
- supports 'longer term' research and monitoring of educational policy (for example how certain subject choices go on to affect education or earnings beyond school)

To find out more about the data collection requirements placed on us by the Department for Education (for example; via the school census) go to https://www.gov.uk/education/data-collection-and-censuses-for-schools

Much of the data about pupils in England goes on to be held in the National Pupil Database (NPD).

The NPD is owned and managed by the Department for Education and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the Department.

It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies. To find out more about the NPD, go to https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information

The law allows the Department to share pupils' personal data with certain third parties, including:

- schools
- local authorities
- researchers
- organisations connected with promoting the education or wellbeing of children in England
- other government departments and agencies
- organisations fighting or identifying crime

For more information about the Department's NPD data sharing process, please visit: https://www.gov.uk/data-protection-how-we-collect-and-share-research-data

Organisations fighting or identifying crime may use their legal powers to contact DfE to request access to individual level information relevant to detecting that crime. Whilst numbers fluctuate slightly over time, DfE typically supplies data on around 600 pupils per year to the Home Office and roughly 1 per year to the Police.

For information about which organisations the Department has provided pupil information to (and for which project) or to access a monthly breakdown of data share volumes with Home Office and the Police please visit the following website: https://www.gov.uk/government/publications/dfe-external-data-shares

Free School Meals (FSM) and Pupil Premium (PP): Application Form

Research shows that better food in schools is improving what children eat during the school day, and there's evidence of a clear link between what children eat at lunchtime in school, where they eat it and how they focus with their teachers in the afternoon.

Free school meals are available to pupils in years 3 and above whose parents receive certain benefits and register using this application form. Please return this form to your child's school if you think you qualify for Free School Meals.

Pupil Premium - completing this form could also raise money for your child's school...

The Pupil Premium is a Government scheme that provides funding to schools of £955 - £1,345 per pupil whose parents receive one of the qualifying benefits listed on this application form. The school can use this money to raise the attainment of disadvantaged pupils and close the gap between them and their peers

Q. How can I apply?

A. Simply complete this application form and return it to your child's school

Q. Why should I apply?

A. You and your school could benefit from Pupil Premium funding worth £955 - £1345 per pupil. As well as this, if your child is in year 3 or above this form is also used to apply for Free School Meals and could save you hundreds of pounds a year.

Alliance in Partnership (AIP)

School Meals

At AiP we firmly believe that we have a responsibility to support our Primary Schools by helping with the education of the children with regards to food, lifestyle and making healthy choices. Our Primary School offer is all about promoting a well-balanced diet whilst encouraging the children to try new things and to have fun with food!

Our aim with Food Smart is to deliver freshly prepared meals that exceed all nutritional standards, served by caring staff in a welcoming, home from home environment. We only use local, fresh core ingredients including meat sourced from British farms, in-season vegetables and free range eggs. Aip uses the industry-recognised Saffron database to create compliant menus.

With Food Smart, good food doesn't stop at the kitchen either. We inspire pupils to enjoy healthy meals both at school and at home with theme events, food sampling, competitions and hands on cooking, often working alongside the curriculum in-school.

Further details about how to book meals will be shared with parents before the end of the summer term.

We also work with Premier Education to help provide a wide range of activities – something for everyone. More details of our autumn programme will be available in the first few weeks of the new academic year.

Music Lessons

We offer a range of instrument lessons at school, either during the school day. We work with local peripatetic teachers and Buckinghamshire Music Trust to provide a wide range of instrumental tuition.

Details about provision from Buckinghamshire Music Trust will be available early in the new term.

Amongst our experienced teachers are Michele and Pippa Beckford, who have worked with the school successfully for a considerable time. They are a mother and daughter team providing high-quality, affordable and rewarding instrumental tuition. Between them, they have a wealth of over 30 years of teaching experience and have a 100% examination pass rate with both ABRSM and Rockschool.

Lessons are either 20 or 30 minutes long and take place on a strictly individual basis during lunchtimes and the afternoon period of the school day. Currently, there are spaces on the timetable for piano, bass guitar, electric guitar and drums. Lessons are usually oversubscribed so do get in contact soon.

Travel Plan

Introduction

Wendover CE Junior School has had an active School Travel Plan since 2003 and we take pride in promoting healthy ways of travelling to and from school. We joined the Modeshift Stars Accreditation Scheme in 2012 and achieved Bronze Level in 2013, followed by Silver in 2014 and Gold in 2016. In 2017 our Junior Road Safety Officers attended a ceremony at the Houses of Parliament to proudly receive the School of the Region Award. Modeshift Stars is a national on-line scheme which encourages schools to engage in initiatives to develop healthy modes of travelling to reduce congestion in areas around schools, improve air quality and fitness, as well as focussing on road safety and ways to engage the whole community in 'shifting modes of travel'. We run many initiatives and have been accredited with the Gold Award again this year.

Junior Road Safety Officers

Junior Road Safety Officers are appointed each year from Year 6 to help promote School Travel initiatives to the whole school. They generate new ideas and support campaigns and are very proactive in organising activities for the whole school, for example, road safety competitions and making presentations to children at the our school and the John Hampden School. They also actively support our Park and Stride initiative by attending parking patrols on campus. They are enthusiastic promoters of road safety schemes during Walk to School Month, National Road Safety Week, The Big Pedal and Walk to School Week.

The WOW Travel Tracker

We encourage children and their families to travel sustainably to and from school, either by walking, scooting, cycling or 'Park and Stride', parking responsibly away from the school area and walking the rest of the way. We are in our third year of using the WOW Travel Tracker, which is an interactive, in-class system where each child can click on their mode of travel each day as they arrive in the classroom. At the end of each month children who have travelled actively at least three times each week receive a WOW badge. The badges are themed and this year the theme is 'Inventions that changed the world' and children are proudly collecting their badges, which are all designed by school children around the country. The WOW Travel Tracker is run by Living Streets, the everyday walking charity.

MAPS

In 2017 we launched the MAPS initiative. Every family was issued with a MAP of the local area which highlights five and ten minute walking zones and the Active Travel Zone. The ATZ covers the Wharf Road and Manor Road area including the Schools' Campus. We ask that all children and their families travel actively, i.e. walk, cycle or scoot, within this zone to eliminate congestion and provide a safe and healthy environment in an area where large numbers of children and parents converge at peak times. A PDF copy of the Active Travel Zone Map is available on the Parents section of the website.

Parents' Parking Promise

Many of our families have signed up to the Parents Parking Promise, part of the countrywide Perfect Parking Campaign, encouraging drivers to park away from the schools' campus, outside of the Active Travel Zone. Parents/carers receive a car sticker to display on their windscreen. Parking Promise Registration Forms can be requested from the school office.

The road through the campus is simply an access road for staff and deliveries, so parking or dropping off/picking up on campus is prohibited as per the signs at the entrance on Wharf Road. Entry to the campus is controlled by automated barrier.
